#### JULES FERRY DEAD.

MARIS SHOCKED BY THE GREAT STATESMAN'S DECEASE.

July Last Week He Had Resigned Other Offices to Devote Himself Entirely to Senatorial finites-Wis Death a Heavy Chensy of St. Johnsburg.

Paris, March 17,-Jules Francois Cam-

For the last two weeks M. Ferry had complained of difficulty in breathing. His sleep was much broken and his general Isw days he seemed to recover nomewhat. his former energy and spirits, although his

difficulty in breaching was increasing.
He went to bed last night at 10 o'clock. i-il asleep again but rested uneasily, finally awaking in another chill, more sovere than lis wife sent for the doctor at one; He treated M. Ferry until 5 o'clock when M. Ferry felt relieved and sank into a Other physicians were then summoned for

M. Ferry wished to get up and was allowed to do so. He was partly dressed and was belied to his study arm chair. He re-mained in it an hour, in a condition of ex-trems prostration. At 10:30 be began strug-gling for breath and sprang from his chair calling for air and complaining that he was sufficiating. This rally was followed by a with his eyes close; too weak to speak

Saprily after neon to again called re-jected for our and walked up and down the room. This was followed by another sinking ture. These alterations of rallying and sinking continued until 5 o'clock when he sinking continued until 5 o clock when he raised himself in his seat, looked at his wife card part of the seat, looked at his wife exhausted himself in his seat, looked at his wife exhausted. What exhausted his struggle for breath was againing and physicians injected morphia to relieve him. After a few unintelliback exhancted. His stringgle for breath was agonizing and physicians injected morphia to relieve him. After a few unintelligible words ha felt into a state of commodition ended in death. He does in the arm which ended in death. He does in the arm which ended in death. He does in the arm writing and reading. His last few minutes that the applicance had substited, Dr. A.

J. Parket of Bellows Falls was asked to speak on "The opportunities of the domination of the last seven years," he said, "has not tists," which he did in a most entertaining and the G. A. R. of Massachusetts, extended with manner which brought down the house.

When the applicance had substited, Dr. A.

J. Parket of Bellows Falls was asked to speak on "The city of Beston," "My business for the last seven years," he said, "has not tists," which he did in a most entertaining and the G. A. R. of Massachusetts, extended with manner which brought down the house.

When the applicance of 25,000 veterans, "Joined to getter by a bond of sympathy."

Commissioner Osborne theu responded to "The city of Beston," "My business for the last seven years," he said, "has not tists," which he did in a most entertaining and the G. A. R. of Massachusetts, extended with manner which provides the down the house.

When the applicance had substited, Dr. A.

J. Parket of Bellows Falls was naked to speak on "The city of Beston," "My business for the last seven years," he said, "has not tists," which he did in a most entertaining and the greatings of 25,000 veterans, "Joine of 25,000 veterans, "Jo were apparently panaless.
The news of M. Ferry's doubt astounded

tion, that he might devote himself entirely. presidency of the Senate was contrary to bound to turn for advice.

With M. Carnet as president, M. Ribot as premier, M. Casimir-Perier as president of the Chamber of Deputies and M. Ferry as president of the Senate, the opportunists feit that they had four of their strongest men in positions to meet the perilous couseauences of the l'anama equosure.

#### SAVED THE VILLAGE,

Easten Are in Ashus. BROCKTON, Mass., March 19 .- About 11 blook last night, three boys passing the farge thread mills of E. J. W. Morse, situated at South Easton, discovered a blaze in the W. Hodman, White River Junction. The at South Easton, discovered a blaze in the engine room of the building and gave the latter. The employes of the factory responded, and a stream was soon on the spended, and a stream was soon on the building, but an unfortunate break in the building, but an unfortunate break in the special value of the society is to be at the building. But an unfortunate break in the special value of the production. The maximum of the second Wedness and life saving service. The announcement ough scholar and master of several foreign. hose soon prevented further efforts.

Quick time was made and the village was saved from complete destruction. tion, so the fire had its own way. The burned building was two and a haif stories ry member of the society, high, 188 feet long and 45 feet wide,

The loss is a great one to the town and the firm. Some very valuable machinery The Officials at the Federal Suitting and considerable manufactured produ were in the building all of which is a total consmith and low shop, and a portion of the wooden bridge which some the river M near the factory were destroyed. The loss in will reach \$200,000 and there is about \$150,000 insurance.

The cause of the fire is said to be the explosion of a lamp in the engine room firstation fire department has a be village to save the adjoining houses and the village store, the sparks from the fire dying in it is very likely that the company will rebuild as it is doing a good

iinthaway Buildings, Boston

BOSTON, March 16 - Assistant Inspector figure of the Pinkerton agency has for bounty of about \$7500, the two or three weeks past been trying to Col. Haynes thinks to large Hathaway building on Atlantic avenue, occupied chiefly by wool firms, less than live first have been sat in the tions made prior to July 1, 1883. ding by an incondingy, but in each case | any great loss.

To-day his labors culminated in the arrest of Lewis A. Wright, 17 years old, employed by W. R. Fleming & Co., manufacturers of hydraulic engines, who occupy a toom on the first floor of the building.

Wright has made a full confession. He Morrostim, March 17. — Abliab W. Wright has made a full confession. He Montreathin, March 17. — Abljah W. mays he carried herosene and naptha into the Hall, living just in the edge of East Montbuilding in beer bottles, with which he sat-urated newspapers that he found in the toilet rooms on the first floor, setting all live of the fires and the officers

were set in the day time, but the last incendiary attempt was made on the night following the big Lincoln street fire, last Thursday. A singular fact is that the latter fire is practically known to have started in the tollet room, while Wright has a is known for his suicide. brother in the employ of Brown, Durrell & Co., whose building was burned at that time. Wright, however, loss not confess to any connection whatever with any other fires than those in the Hathaway building.
